Project Title: Frank Ocean Website

I plan to build this site with a horizontal scroll (all on one page), separated by images, with navigation across the top (that will stay visible even with scrolling).

- **Introduction:**
  - I want to use the home to give a brief description of Ocean, his music and how it reflects his struggle with identity, and his larger impact.
  - Mission of breaking social boundaries and defying the norm
- **Personal Life**:
  - Explore sexual orientation and identity struggle (reflected later in music style)
  - "I'll respectfully say that life is dynamic and comes along with dynamic experiences, and the same sentiment that I have towards genres of music, I have towards a lot of labels and boxes and shit."[158] → comes across in his music style, innovative and disruptive
- **Discography/Career**
  - Go through albums and trajectory of career
- **Music Style**
  - As it reflects Ocean's identity and struggle with understanding himself, while reconciling with past
  - Innovative, disruptive, unique, modern, futuristic
- **Impact**
  - Larger impact on music, fashion, and art worlds
  - Unconventail, pushing norms (through fashion, sexuality, and music)
- **Sources**: sources for photos and wiki page
